SUMMARY

Aspiring Data Analyst with hands-on experience in SQL, Python, Excel, and Power BI. Skilled in data cleaning, exploratory data analysis, data visualization, and building interactive dashboards. Experienced in transforming raw data into actionable insights through analytics and machine learning projects.

TECHNICAL SKILLS

Programming & Analysis: Python, Pandas, NumPy, Jupyter Notebook

SQL & Databases: SQL, MySQL, Joins, CTEs, Subqueries, Window Functions

Data Visualization: Power BI, Excel, Matplotlib, Seaborn

Analytics: Data Cleaning, EDA, KPI Analysis, Statistical Analysis, Data Visualization, Business Insights

Tools: Git, GitHub, VS Code

EXPERIENCE

Machine Learning Intern – Samatrix Consulting

- Jun 2025 – Aug 2025

- Worked on data preprocessing, cleaning, and exploratory data analysis using Python and Pandas.
- Applied machine learning techniques to analyze datasets and develop predictive models.
- Performed feature engineering and evaluated model performance using appropriate metrics.
- Used Python libraries including Pandas, NumPy, Scikit-learn, Matplotlib, and Seaborn for data analysis and visualization.

PROJECTS

1. E-Commerce Sales Analytics: (Python | SQL | Power BI | GitHub)

- Analyzed sales data to identify revenue, product, customer, and regional performance trends.
- Cleaned and transformed raw datasets using Python and SQL.
- Built an interactive dashboard to track key business KPIs and generate actionable insights.

2. Customer Churn Analysis: (Python | SQL | Power BI | Statistics)

- Performed exploratory data analysis to identify factors associated with customer churn.
- Analyzed customer behavior and identified high-risk customer segments.
- Generated data-driven insights and recommendations to support customer retention.

3. Election Result Prediction using Machine Learning: (Scikit-learn | Python)

- Cleaned and analyzed election-related data and performed exploratory data analysis to identify meaningful patterns.
- Applied feature engineering and developed machine learning models to predict the election outcome.
- Evaluated and compared model performance using appropriate classification metrics.

EDUCATION

Bachelor of Technology (CSE-AI&ML)

2023 – 2027

Quantum University, Roorkee

CGPA : 7.64

CERTIFICATIONS / ACHIEVEMENTS

- Oracle Advanced PL/SQL Developer Certified Professional — HackerRank | Apr 2026
- SQL (Advanced) Certificate — HackerRank | Apr 2026
- Database Foundations — Award of Final Exam Completion — Oracle Academy | Mar 2025
- Participated in AI Applications in Manufacturing — Quantum University | Mar 2025
