SUMMARY

Software Developer with hands-on experience in JavaScript and MERN stack development. Skilled in React.js, Node.js, Express.js, MongoDB, REST APIs, authentication, and responsive web development. Strong foundation in Data Structures and Algorithms, OOP, and Git, with experience building end-to-end full-stack applications.

TECHNICAL SKILLS

Languages: JavaScript, Python, SQL, HTML5, CSS3

Frontend: React.js, React Hooks, Redux, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, RESTful APIs

Databases: MongoDB, MySQL

Concepts: DSA, OOP, CRUD, Authentication, JWT, API Integration

Tools: Git, GitHub, VS Code, npm | Deployment: Vercel, Render

EXPERIENCE

Machine Learning Intern – Samatrix Consulting

- Jun 2025 – Aug 2025

- Developed and tested Python-based solutions for data processing and machine learning tasks.
- Applied object-oriented programming, modular coding, and debugging practices.
- Worked with Git and GitHub for source-code management and version control.
- Integrated Python libraries and APIs to build and improve application functionality.
- Performed testing, troubleshooting, and optimization to improve code reliability and performance.

PROJECTS

1. E-Commerce Web Application: MongoDB | Express.js | React.js | Node.js | REST APIs

- Developed a full-stack e-commerce application using the MERN stack with product browsing.
- Built and integrated RESTful APIs using Node.js and Express.js for users, products, carts, and orders.
- Implemented JWT-based authentication and authorization with protected routes.

2. Real-Time Chat Application: React.js | Node.js | Express.js | MongoDB | Socket.io

- Developed a real-time chat application supporting user authentication and instant messaging.
- Implemented real-time bidirectional communication using Socket.io.
- Built backend REST APIs with Node.js and Express.js and integrated MongoDB

3. Task Management System: React.js | Node.js | Express.js | MongoDB | JWT

- Built a full-stack task management application.
- Developed RESTful APIs and integrated MongoDB for persistent data management.
- Implemented JWT authentication and authorization for secure user-specific task management.

EDUCATION

Bachelor of Technology (CSE-AI&ML)

2023 – 2027

Quantum University, Roorkee

CGPA : 7.64

CERTIFICATIONS / ACHIEVEMENTS

- Oracle Advanced PL/SQL Developer Certified Professional — HackerRank | Apr 2026
- SQL (Advanced) Certificate — HackerRank | Apr 2026
- Database Foundations — Award of Final Exam Completion — Oracle Academy | Mar 2025
- Participated in AI Applications in Manufacturing — Quantum University | Mar 2025
